

## Online Safety

In our modern world, the Internet is both a wonderful asset that helps us share information and connect with others from all over the world and a possible source of danger, especially for children. Pupils at HFJS have the opportunity to discuss online safety within curriculum lessons as and when appropriate or relevant and as a stand-alone session every main term.

We also take part, as a whole school, in the annual National Safer Internet Day activities every February.

Please find below, a copy of our intended Online-Safety teaching schedule for this school year.

A useful website for information for parents is [Home | Parent Zone](#)

You may be invited to create a login to be able to access some of the materials.

# HFJS On-line Safety Sessions 2021-2022

Term	Year 3	Year 4	Year 5	Year 6
